LIEUT. PEARY REACHES BANGOR AND IS GIVEN WELCOME BY CHEERING CROWDS IN THAT CITY

ENTERED STATES 9:30 A. M. TODAY

Ovation for Explorer at Stations Along Entire Line of His Travels This Morning

A LOVING CUP IS PRESENTED

Following Dinner Crowds Cheer Navigator as He Appears on Hotel Balcony a Few Moments

BANGOR, Me., Sept. 23.—The city of Bangor today welcomed Commander Peary on his return from his trip to the north pole. This welcome began when the explorer reached Vanceboro Me., and continued all along the line. At every railroad station large crowds gathered to shout their congratulation.

Upon the arrival here at 1:15 o'clock Peary was greeted by several thousand people at the union station.

Upon the arm of Mayor John F. Woodman, he was escorted to a carriage, bowing his recognition to the plaudits of the crowd. With his immediate party he was entertained at an informal luncheon at the Bangor house by a special committee from the city government. At 2:30 on a balcony of the hotel Peary greeted thousands of people and was presented with a beautiful loving cup by the city of Bangor. He then retired to the hotel parlors where he met the prominent citizens. He left at 3:40 o'clock for Portland.

Enters United States

The train bearing Peary and family and over a score of newspaper reporters crossed the line at Vanceboro at 9:30 a. m. today, entering the state of Maine.

At many stations through which the train passed, curious throngs had gathered in the hope of catching a glimpse of Peary, but there was nothing like a formal welcome until the train pulled into Bangor at 10:45 a. m., where the explorer was met by Mayor Woodman and the Bangor city council and escorted through the

TAKE A LOOK AT THE PLANET MARS

Prof. Denoyer at New Normal Invites Public to Star Gazing Festival Tonight on School Grounds

The planet Mars is closer to the earth today than it will be again for seventeen years and the moon is in a good position for astronomical observation. Saturn's rings can also be plainly seen with a telescope, and for this reason Prof. L. P. Denoyer of the new La Crosse Normal school will tonight set up his telescope at the south entrance of the building for the purpose of allowing the public to observe these planets.

Mr. Denoyer will begin his entertainment at 7:30 and it will continue all of the evening. He extends a cordial invitation to all citizens to come out to the school and take a free look at the moon, Mars and Saturn through his big telescope.

Prof. Denoyer is instructor in geology and geography at the institution and also has several classes in astronomy.

PETER NELSON ESTIMATES LOSS

Contractor Peter Nelson is today estimating the damage to the Doerre building on South Fourth street for the insurance underwriters and will make a report as soon as possible in order that work can be commenced on rebuilding the structure.

Employes of the concern, including the office help and salesmen on the road, who were recalled the day after the fire, are now wearing overalls and are busily engaged in wiping and salvaging the stock. Inventory will be commenced today by the underwriters' expert who is expected to arrive here this afternoon.

Mr. Tausche and the officers of the hardware company are very anxious that the building loss be adjusted first in order that the contractor may begin to work on the roof and enclose it to provide protection for the stock from a possible rain, and prevent it from further wetting.

All business has been suspended by the management and no effort will be made to sell goods or make deliveries until the adjustment of the insurance has been made, the stock completely overhauled and the building repaired.

SHOOT NEGRO TO RIBBONS

HOUSTON, Texas, Sept. 23.—Steve Hayes, one of the negro convicts hunted by a posse for several days, was shot to ribbons today when he was surrounded by a posse in a thicket where he had been hiding, and Charles Delacey, the other negro, was also shot. During the man hunt five others, three white, were killed.

THE END OF WORLD TOMORROW AT 10

Earth's Crust to Peel Off — All the Unsaved Slide Into Fire and Brimstone

DUXBURY, Mass., Sept. 23.—Shouting and praying throughout the night and the day more than 300 members of the denomination known as the "Latter Reign of the Apostolic church" are preparing for the end of the world tomorrow at 10 a. m.

Their chosen spot from which to see the crust of the world peel off and its population slide off to damnation is a little wooden chapel called "Ashdod" about five miles from here and hourly their fanaticism is showing itself in more extravagant antics.

The exact time for the end of the world has been fixed by Frank N. Doughty, one of the sect whose home is in East Providence.

Not only do the campers know the day of the week and the day of the month when the world is going up in a great cataclysm but they have got it down so fine that they are going up in the whirl wind of smoke in the forenoon. A lot of them have even sold their worldly effects and given up their daily tasks in order that they may be at hand in the general ascension.

Believers are here from all over New England. Large delegations have come from Springfield, Providence and Pawtucket. One well dressed woman belonging to Providence got her husband on the long distance telephone today and told him if he did not hurry and come up at once, he would be lost in brimstone. Her husband stuck to his business declaring he would be fired if he quit.

The congregation for the greater part is composed of well dressed persons of apparent intelligence. A few colored persons are also among the number.

Occasionally the services at the chapel are suspended long enough to permit of a trip to a pond about half a mile distant where the converts are baptized. Fourteen were immersed yesterday, a few of them being children of eight or ten years of age. Above the speakers' rostrum in the chapel is a clock, under which in big letters appear the words:

"Jesus is coming. Get Ready."

None of the faithful appear to have a shadow of a doubt that the world will end tomorrow forenoon. When asked what they will do if the expected event does not materialize, most of them refused to entertain such a suspicion. Some suggested that a live feast be held for ten days or so while others said that if the millenium did not come Friday it would come next year at the same season.

HALMRAST ESCAPES; WORKS CHECK GAME

Janesville Visited by La Crosse Lunatic and Saloon Men Are Taken In

CAPTURED BY THE POLICE

Told Bank He Would Make a Large Deposit, but the Authorities Were Suspicious

M. L. Halmrast, several years ago a prosperous business man of this city, who has participated in many freak swindles, has been brought back to the state hospital for the insane at Mendota after escaping from that place Sunday night. His latest escapade is characteristic.

He escaped from Mendota on Sunday night and arrived in Janesville Monday morning.

Halmrast first went to the Rock County National bank, where he placed his signature on the books for identification and stated that he expected some money soon and would make a deposit of three thousand dollars. He also secured a check book and started out to make the rounds of the saloons.

Wished to Buy Horses

He stated to all who spoke to him that he wished to buy horses of all kinds and of any kind and in any condition. His first purchase was from A. U. Wood, from whom he bought a horse for fifty dollars and offered a check for ten dollars as earnest money. In T. F. Siegel's saloon he insisted on buying drinks for the party and also had a check cashed.

Halmrast finally went to the Grand hotel, where he procured a room. Several of his customers became somewhat suspicious, inquiries were made, and it was found that the man did not have a cent on deposit in any bank and the officers were ordered to keep a sharp lookout for Halmrast. He left the Grand hotel about 3 o'clock and was arrested by a police officer and taken to the station, where he was held till morning.

Tells Story to Chief

Halmrast told his story to Chief Appleby later and inquiries at the state hospital showed his statements to be true. At one time the prisoner was a well to do business man at Windsor and worth about $14,000. Fire destroyed his stock and he moved to La Crosse. After the second reverse he took to drinking, which soon affected his mind. At one time in the west, when his hobby for buying horses first struck him, he had three carloads of horses shipped to

M'CANN VERDICT TERRORIZES FORCE

CHICAGO, Sept. 23.—The conviction of Police Inspector McCann today caused the greatest sensation Chicago has known in many years, because of the far reaching effect it will have. The city hall and the entire police department are in a regular panic as it is stated that Wayman now proposes to uncover even greater graft.

That the next objective of the state's attorney's investigation will be the "men higher up" was indicated by the state's attorney himself following the McCann verdict. Rumors are flying thick and fast this afternoon that confessions have been made by "higher ups" and that they had offered to turn state's evdence. Wayman efused to confirm or deny, but it is even stated that he will endeavor to get McCann himself to turn state's evidence.

SON OF THIRD STREET BAKER SUICIDE TODAY

William Schaefer, a son of a South Third street baker, shot himself in his room at the rear of the bakery, 311 South Third street, this afternoon at 3:20 o'clock.

Details of the suicide are meagre at the time of going to press. The police had just been informed and two men are now investigating. Police are searching for the coroner, who will probably hold an inquest this afternoon.

At the bake shop, Miss Schaefer, a sister of the suicide refused to give out any information. The police department is informed that the dead man's name is William, and his age is about 27 years. He is married and was in apparent good spirits this morning.

LINEMAN IS TREED BY MONSTER BEAR

George Friemark Has Hair-raising Experience on Line of La Crosse Water Power Co.

CLIMBED INTO STEEL TOWER

Phoned to Central Station for a Gun Three Times, But Bruin Loses His Interest

Treed by a monster bear which sat and waiting for him to come down out of one of the steel towers of the La Crosse Power company for more than an hour, is the experience which George Friemark, an employ of the company met with at Tower 48 yesterday.

Mr. Friemark, who is a new man on the line was working about one of the towers when he was scared half out of his wits by looking up to see a big bear lumbering toward him at a rapid gate. Friemark made haste for the steel tower nearest and it was a race for a time between the lineman and the bear. Friemark got to the tower first and scrambled up the ladder just as bruin reached the base of the tower.

CVlimbing to the top near the high tension wires, Friemark telephoned to Hatfield for a gun. His vigil continued and three times he phoned to headquarters to have a gun rushed to him, meanwhile bruin sitting hungrily at the bottom of the tower waitching his intended prey. Before the gun could be dispatched to the scene the bear evidently tirel of the wait and lumbered back into the thicket and Friemark escaped.

MARVIN AGAIN SEEKS DAMAGE

George B. Marvin's action against Ray E. Hiscox for damages for alleged injuries received by him in an encounter with Mr. Hiscox in Mr. Marvin's office on the North side last spring is being heard for the second time in circuit court today and a number of witnesses are being sworn by both litigants.

At the last term of court the jury awarded Marvin damages in the sum of sixteen dollars. The plaintiff was dissatisfied with this sum however and secured a new trial of the case on the ground that the finding of the jurp was not in conformity with the charge of the court.

The defendant does not deny the fendant entered his office and after brushing his glasses off, struck him a number of times seriously injuring him and breaking his jaw.

The defendant loes aot deny the actual encounter but testifies that Marvin circulated a false and scurrilous report about him. He claims that Marvin told the story maliciously and that when he confronted Marvin with the story at his office they had an argument, of which the plaintiff got the worse. Marvin says he related the story as heresay when casually inquiring as to its truth, and without malice.

Attorneys Morris and Hartwell are representing Hiscox, while McConnell and Schweizer are pushing Marvin's claim.

JOHNSON BURIED STATE IN SORROW

Hundreds Walk Miles, and Special Trains Are Loaded to Pay Respects to Johnson

SILENT HOMAGE PAID HIM

Grief Over Loss of Great Governor Plunges Minnesota in Tears as Bells Toll Last Dirge

ST. PETER, Minn., Sept. 23.—All morning long the crowds have been pouring into St. Peter to pay their last tribute to the late Governor John A. Johnson. Farmers drove incredible distances. Hundreds walked. Before noon the town was a mass of newcomers. Every county in the section vied with the others in doing honor to the memory of this one man. Every incoming regular and special train added its sad quota.

The funeral train from St. Paul, bearing the casket, a baggage car of flowers, the honorary and active pall bearers and some intimate friends, arrived about one o'clock, a cannon booming the governor's salute.

Company K, second regiment Minnesota National Guard, acted as honorary escort, headed by the second regiment band.

The procession passed solemnly from the station to the Union Presbyterian church, of which Governor Johnson was a member. Here the remains lay in state for an hour and a half, reposing on a bier immediately in front of the pulpit.

Thousands crowded the church to get one last glimpse of the man whose memory they had come to honor. The guardsmen of Company K acted as sentinels and marshaled the long lines in and out of the little edifice, painfully inadequate to contain a tithe of those who stood quietly and determined outside.

At 3 p. m. the funeral cortege proceeded to the cemetery and the body was laid to rest.

ST. PAUL DOES HOMAGE

ST. PAUL.—For five minutes this afternoon all industrial activities in Minneapolis ceased—a tribute to the memory of the late governor. The pause came at the very minute when the governor's body was lowered into the grave in the little cemetery at St. Peter, Minn., where the bodies of his parents lie.

At 9:15 a. m. ten companies of state militia and a band of 100 pieces escorted the corpse to the waiting funeral train which left for St. Peter at 10 o'clock.

The active pallbearers were Frank A. Day, his private secretary; F. B. Lynch, his poltiical manager; T. D. O'Brien, associate ujstice of the supreme court; E. T. Young, formerly attorney general; A. C. Weiss, manager of the Duluth Herald, and John C. Wise, of Mankato, Minn.

ARCTIC CLUB DINES DR. COOK TONIGHT

NEW YORK, Sept. 23.—Dr. Frederick A. Cook spent the entire day at the Waldorf Astoria engaged for the most time with his secretary attending to correspondence and business matters. The Peary controversy he declared closed for the present at least.

An invitation from the Danish colony of Brooklyn to a banquet in his honor was accepted; the Danish Minister Count Moltke, will be present. Eight hundred other members of the Danish colony will attend, a polar bear made in China wil be presented to the explorer.

At the Arctic Club banquet tonight many well known men will be present. Rear Admiral Schley, U. S. N., retired, will preside. The principal speakers will be Prof. W. H. Brewer of Yale, Acting Mayor McGowan, Bird S. Coler of Brooklyn, Congressman W. S. Bennett, Job Hedges, Charles Wake, the explorer, Count Moltke, the Danish minister and Dr. Cook.

The interview submitter to last night by Dr. Cook in which he was cross questioned by forty newspaper men for two hours has seemingly left a general impression of the truthfulness of all his past assertions. Every question was answered clearly and without hesitation and al efforts on the part of those officially hostile to the explorer failed to result in any contradictions or evidnece of falsehood. The fact was generally noted and commented upon in all publications of the interview.

LA CROSSE DAY AT THE VIROQUA FAIR

One of Greatest Institutions of the Kind in State and Secures Splendid Patronage as Result

SOUTHEASTERN TRIP GREAT

Mr. Cargill's Private Car a Reception Room and Supt. Valier Guardian of a Happy Party

Long before the time scheduled for the start, excursionists to the Viroqua fair and Homecoming foregathered at the Burlington depot this morning, exchanging banter and flauntering banners which shortly decorated the Southeastern coaches with the legend, "La Crosse Interstate Fair." "Tom" Lavake was busy with the badges, and before the wheels ground the sand in the final dash for Vernon county, it was evident that La Crosse was to be much in evidence during La Crosse Day.

Kreutz's band paraded the streets, making the morning melodious, and reminding negligent citizens that it was time to make the grand sneak for the depot. The blare of trumpets awoke the echoes in front of The Tribune office, and the delightful serenade which followed attracted a crowd of passers-by. That finished, everybody headed for the depot, where Supt. Peter Valier and Pres. W. W. Cargill of the Southeastern were found mingling with the throng. Both officials accompanied the excursionists.

(By Staff Correspondent)

VIROQUA FAIR GROUNDS, Sept. 23.—La Crosse Day special arrived at the fairgrounds as per schedule, and unloaded a great crowd of enthusiasts. The reception given the La Crosse people conveyed a feeling of warmth and hospitality which made the excursionists feel that they were part of the Homecoming. The Third Regiment band, the pride of Viroqua, dispensed music, and Kreutz's La Crosse Band were heard with pleasure on numerous occasions.

There were most of the old familiar faces excursion conductors have learned to expect. True Peter Frohman Newburg was missing, but as there were no box reservations on the train, that may have explained it. "Hi" Goddard was there with the bells, flower and poetry present, and eying the ladies with sentimental appreciation.

The mayor was among the party, and W. W. Cargill and Supt. Valier were noted as interested participants. A partial list of the other excursionists follows:

E. W. Parker, G. R. Montague, Jake Zimmer, John C. Burns, Tom La Vake, Jacob Arenz, Charley Servis, Joseph Bartl, A. R. Nelson, Will Wiggenhorn, Joseph Boschert, L. H. Martin, Paul Schultz, Oscar Doering, F. W. Robbins, John Miller, Charley Smith, John Timp, M. F. Hays, Robert Whelpley, Otto Loeffler, John Hundt, F. H. Burgess, W. F. Baker, William Collins, K. G. The combination of puzzling pitching by Mullin and extraordinary hitting by Crawford, Cobb and Moriarity, proved too much for the Washington Americans yesterday and Detroit won easily by the score of 8 to 3. Mullin allowed but three hits, scattered through as many innings and with perfect fielding back of him he should have scored an easy shutout.

Crawford made two triples, a double and a single, while Cobb hit three singles and a double. Two of Moriarity's three singles drove in runs.

Washington scared the champions in the first inning by getting three runs over the rubber without much effort. Moriarity fumbled grounders offered by Conroy and Milan and Unglaub sent them along with a sacrifice. Gessler then slammed a triple to the right field fence and Conroy and Milan scored. While Bush was throwing Lelivelt out, Gessler crossed the rubber.

Philadelphia had little difficulty in defeating St. Louis 6 to 2. Six of the Athletics' nine hits off Gilligan were for extra bases and nearly all of them counted in thes core. St. Louis hit Coombs' curves hard and he was taken out of the game in the fifth inning. Krause, who took Coombs' place, did not permot a batsman to reach first base, five of them striking out and only one ball being knocked out of the infield.

With Mitchel, a recruit, pitching for the Naps, Boston defeated Cleveland 3 to 1. In the fourth inning the Reds scored three times on three singles, an error, a hit batsman and a sacrifice. Wood was effective and received brilliant support, especially from McConnell.

The Pittsburg Nationals hit the ball hard and often and defeated the Bostons by a score of 12 to 7. Each side used three pitchers. Pittsburg made six two baggers and a home run. Bill Cooney, late of the Haverhill teaf, was on the ground for the first time for Boston.

St. Louis lost to New York 4 to 3 in the first game of a scheduled doubleheader. The second game was called after three innings with the score 4 to 0 in favor of St. Louis.

Philadelphia and Cincinnati played fourteen innings to a tie, darkness stopping the contest. The Phillies took the lead in the sixth, but the Reds made one in the eighth and tied it in the ninth, while in the fourteenth round, both teams succeeded in scoring two runs. Magee's long running catch in the last round saved the game for his team.

KUHN ESTABLISHES PITCHING RECORD

Pitcher Alfred Kuhn of the Wicker Park Methodists of Chicago, champions of the Northwest league of the Bible Class Athletic association, has finished a season which probably will stand as a record in that association for some time to come. Through his brilliant work on the mound his club wont the title of its section with a clean list of victories. He participated in fourteen games this summer, and won every one. Among the list were several one and two hit games. He averaged eighteen strikeouts a game, which is a new record for the association.

ATHLETES ACCEPT BLUE LABELS' DEFI

The defi which was issued by the Blue Labels' baseball club, which is out after the city championship, will be accepted under certain conditions.

The Athletes, being the party challenged, offer the folowing terms:

They will play for a purse to exceed $25, the winners to take either 60 or 40 per cent of the gate receipts. They insist, however, that the Blue Labels deposit the amount of the purse with any local bank or newspaper before final arrangements are made. The game, if the terms of the Athletes are met, will be played at the league park, October 3.

Manager Kircheis states that he will use the same lineup as in the games played during the latter part of the season:

Ritter or Nutting, p; Wais, c; A. Swan, 1b; Kircheis, 2b; Evenson, ss; Mueller, 3b; Gilles, lf; F. Swan, cf; Meinert, rf; Niesham and Beranek, sub outfielders.

AT THE BIJOU

Another high class show greeted the patrons of the Bijou yesterday and Manager Koppelberger deserves to be complimented on the wide variey of real acts that he offers from week to week. Although handicapped by the loss their wardrobe and special scenery Scott Leslie and his merry maids have an act of real merit in their singing, dancing and change act, featuring the latest song hits.

Sam Hod, "The Minstrel man from Kentucy" made good from the start with his audience. His "stuff" is beautifully new, and his parodies always "hit the spot" he is a real entertainer and the audience were loth to leave him retire, he responded to several encores.

Martelli and Rossi, Italian operatic duo, were next on the bill and anyone who appreciates high class operatic singing should not fail to hear these talented artists. Senorita Rossi's voice shows careful training and the ease with which they handled each song was a wonder to those who were fortunate enough to hear them last evening.

The Illustrated song sung by Meyer Levy (in the absence of Ambrose Coughlin) entitled "Blue eyes goodbye" is a very pretty march ballad and was handly acceptably. The feature act the Millar Musical Four composed of four young men, playing the latest musical hits as well as the more classical favorites, is a musical act worth listening too, every variety of instruments is played by the Four, and the comedy of the black face comedian in the act, kept the audience in good humor throughout the course of the act and they were obliged to take several bows before retiring. Two subjects in moving pictures entitled "The Conspirators" and the "Millionaire Dyspeptic" closed the bill and Kreutz's orchestra was an added feature of last night's bill.

There may be nothing new under the sun, but there are lots of fresh people.

Fortune Telling

Does not take into consideration the one essential to woman's happiness—womanly health.

The woman who neglects her health is neglecting the very foundation of all good fortune. For without health love loses its lustre and gold is but dross.

Womanly health when lost or impaired may generally be regained by the use of Dr. Pierce's Favorite Prescription.

This Prescription has, for over 40 years, been curing delicate, weak, pain-wracked women, by the hundreds of thousands and this too in the privacy of their homes without their having to submit to indelicate questionings and offensively repugnant examinations.

Sick women are invited to consult Dr. Pierce by letter *free*. All correspondence held as sacredly confidential. Address World's Dispensary Medical Association, R. V. Pierce, M. D., President, Buffalo, N. Y.

Dr. Pierce's Great Family Doctor Book, The People's Common Sense Medical Adviser, newly revised up-to-date edition—1000 pages, answers *in Plain English* hosts of delicate questions which every woman, single or married, ought to know about. Sent *free*, in plain wrapper to any address on receipt of 21 one-cent stamps to cover mailing only, or in cloth binding for 31 stamps.

POLISH WRESTLING CHAMPION ARRIVES

NEW YORK, Sept. 23.—Among the passengers who arrived on the steamer Caronia Tuesday was Zbyssko, the champion wrestler of Poland, who intends to challenge everybody in the heavyweight wrestling class, including Frank Gotch, the world's champion.

He has defeated every person whom he has met in Europe, including Ivan Padoudney, the Russian wrestler who defeated Hackenschmidt in two straight falls, each of which was secured in less than ten minutes.

Zbyszko is booked to make his first appearance in this country on Oct. 7, when he will meet three of the best heavyweight mat experts in that section.

OSHKOSH GIRL IS FOUND IN LAKE

CHICAGO, Ill., Sept. 23.—The body of the young woman which was recovered from Lake Michigan by the police, and which bore marks which gave strength to the probable theory that death had been accompanied by violence, was identified on Wednesday as that of Miss Pearl Ziem, the Oshkosh girl who disappeared from the home of her aunt over a week ago.

In the mother's belief, Miss Ziem committed suicide while despondent over ill health.

Just at this time, when we are all wrought up over the Cook-Peary controversy, we hope there will be no attempt to revive the affair between the duke of Abruzzi and Katherine Elkins. We couldn't stand so much excitement at once.

THE VIROQUA FAIR

This is La Crosse Day at the Viroqua fair, and our business men are enjoying the day in the sister city. They are finding a first class fair, run by a lot of first class citizens who know how to entertain. The day is being well spent.

A pleasant feature of the occasion is the homecoming. Family reunions are going on, the people who have moved away from Viroqua having assembled at their old home city. Life holds no more pleasant oases than these gatherings of the members of families who have been drawn by pursuit of industry to distant points, and it is pleasing to contemplate the delight of this happy event in the leading city of Vernon county.

A NATION OF NEROS

The massacre of Jews in Russia has been resumed with unabated enthusiasm, and the world is contemplating the zealous persistence of the Russians in the murder of women and children. The pastime is fostered by the government, and in regularity and holiday spirit it rivals the American Fourth of July.

This spectacle of butchery has no precedent in the dark ages for sheer brutality. That it is permitted to occur in a so-called Christian nation in this period of enlightenment is a blot upon our civilization, and optimists are justified in the hope that at no dstant day the nations of the earth will rise to crush the state that finds time among its other despotic atrocities to encourage wholesale crime of a most shocking nature. The sovereign who permits it deserves the bombs to escape which is the major portion of his life's business.

JOHNSON'S PHILOSOPHY

Rummaging through the files of the St. Peter Herald published by the late Governor John A. Johnson, a correspondent has found a bit of philosophy by the editor-statesman which was the controlling rule of his life. The editorial is entitled, "Some Rambling Thoughts," and the meat of it is in the following paragraph:

"Be neither a tree nor a wave in your mental make-up. A tree stands rooted to one spot; a wave is driven hither and thither by every wind that blows. But in your judgment of things, be a man, free to move at will from place to place, and well able also to brace yourself if necessary against the fiercest efforts of every tempest of argument. Be a strong man to defend the castle of your opinion and be also a wise one, wise enough to know when to capitulate to a man wiser than yourself."

Under the heading, "It's a Fact," Editor Johnson used to publish some bright bits of philosophy that were much quoted, and made his paper famous. We note, for instance, the following:

"IT'S A FACT

"That the platform of a party is like the platform of a car—made to get in on, but not to stand on."

One might almost be tempted to send a marked copy of that issue of the St. Peter Herald to President William Howard Taft.

THE STATES MUST ACT

It may become necessary for the states to severally take the advice of President Taft, and apply the income tax themselves. His assertion that preparedness to legally apply this tax is essential only to meet the demands of war will not be generally approved, and while it must be admitted that the tax could be less easily be dodged were it a federal institution, the states are learning that it pays to do things in the legislatures in preference to having them pigeonholed in the national congress.

THE FIRST PLAY I EVER SAW

Richard Carle, who plays at the La Crosse theater tonight says:

"The first play I ever saw was "Dreams," or "Fun in a Photograph Gallery." That was in 1883, when I was 12 years old. It was in Boston.

"My father and mother took me over to Boston from Somerville, the suburb where I was born and where we have always lived. Father had bought seats in the balcony. That was the first time that I really found out I was short-sighted. I could see the persons on the stage, but I could not see changes of expression.

"Willie Edouin, the famous English actor, was the star of the piece, and James T. Powers and Jacques Kruger were members of the cast. I thought the funniest thing in the show was Jimmy PoPwers sliding down the stairs. Anyhow, that made the greatest impression on me. I laughed till my sides ached.

"By one of those strange theatrical coincidences, Jimmy Powers was the star of "A Mad Bargain," the first play in which I ever appeared on the stage. And three years ago Jacques Kruger was the leading comedian in one of my musical comedies.

"After that night I began to wear glasses, and I have worn them ever since."

"LO

An amazingly youthful, pretty and fascinating crowd of girls, magnificent costumes, eighteen musical numbers each one more catchy and tuneful than the other; the cleanest kind of genuine fun, a splendid cast of players, a plot intense, logical and absorbing and, above all, America's foremost comedian, John E. Young, are the component parts of "Lo," the musical comedy which will be the attraction at the La Crosse theater for two days beginning with Saturday matinee, Sept. 25.

So enthusiastically has "Lo" been indorsed by newspapers and theatergoers wherever it has appeared, that the following guarantee accompanies each ticket purchased:

"Your money back any time during the performance or after it, if you don't think the show is worth it."

The book and lyrics of "Lo" were written by O. Henry, America's most famous magazine writer, and Franklin P. Adams, universally regarded as the most brilliant wit and humorist in New York where he conducts the "Always in Good Humor" column of the New York Tvening Mail. A. Baldwin Sloane composed the score and it exceeds even his delightful melodies in "The Gingerbread man," "Jack and the Beanstalk," or "The Mocking Bird." Edward P. Temple who originated all of the spectacles seen for the first two years at the New York Hippodrome, had personal charge of "Lo's" production.

John E. Young was last seen here as the star "The Time, The Place and The Girl" and his role in "Lo" is very similar. Elizabeth Goodall is also again in his supporting company, while others include Dorothy Brenner, Annette Hall, Mabelle Moyles, Juliette Lange, David Kirkland, Robert Wilson, George A. Lemming and James A. Reynolds.

The songs include "Lfttle Old Main Street;" "Love is all That Counts," "Tammany on Parade,""Snap Shots," "Good Morning, Mr. Sailor," and "You can Always Be My Sweetheart."

Of all the comedy opera successes of recent years no work of the kind has been produced that has surpassed the popularity of "King Dodo," the Pixley and Luders mingling of wit and humor which John Cort will present at the La Crosse theater in the near future, with a company of artistic singers and comedians, and a chorus of attractive girls who wear their beautiful gowns most becomingly.

LIVE WIRES

Overton Westfeldt Price, Assistant Forecaster of the United States.

WASHINGTON, D. C.—During the recent Pinchot-Ballinger controversy much interest has centered around Associate Forester Overton W. Price. He has been severely criticised by the Ballinger faction. During his service in the forestry department which has extended over a period of ten years, he has shown marked ability and his work has been unceasing.

Mr. Price is 36 years old and was educated in this country. After being graduated from the University of Virginia he took two years' forestry work in the university of Munich and worked in the woods of Europe one year. He returned to the lumber camps in the northern part of the United States, where he remained up until 1903. He entered the bureau of forestry as agent in 1899, was promoted to superintendent of working plans in 1900 and since 1901 has been assistant forester and chief of forest measurements.

A gleeful, ghoulish, gink is he,
A goggled, grinning A-P-E;
A deadly nuisance, public pest.
"The Last Clutch" is his family crest—
The Joy Rider

He recks, not, in his thirst for thrills
The price he pays for the blood he spills;
That the time will come (heav'n haste the day!)
When he himself is laid away—
The Joy Rider

So when the last word's said and done
About the man whose race is run,
We'll write this for his epitah;
"He's dead. By Golly it is to laugh!"

GOOD BLOOD.

Given good, clean, healthy blood, Nature will do the rest with any case of catarrh, inflammatory rheumatism, scrofula, eczema, erysipelas, boils, pimples, or skin disease of any kind. Good blood invariably means vigorous appetite, good digestion and strength.

Thus it stands to reason that an effective "alterative" or blood purifier, while it will not cure all diseases, will help in fighting any disease and will cure those mentioned above, all of which come from bad blood.

Forty years ago Dr. A. B. Simpson, of Richmond, was known as one of the most successful physicians in three states. His success was founded almost exclusively on one prescription, the most powerful blood purifier ever known. After his death this prescription was regularly put up as Dr. A. B. Simpson's Vegetable Compound.

It has been used extensively all over the country and in forty years has never failed, even in that most dreadful of all blood diseases, syphilis in its worst stage. And when an alterative will do that it, of course, cleans and rebuilds blood affected with other troubles. Simpson's Vegetable Compound is purely vegetable and as harmless as it is effective. It is sold at $1 per bottle and recommended by Hoeschler Bros., 123 S. Fourth St. If it does not help you, your money will be refunded.

Quips and Cranks and Wanton Wiles

The Lounger

("No man can lounge into success."—John A. Johnson.)

The world needs men! The whirling wheels
Of industry sound the call!
From the lowliest state to seats of the great—
From the bench to the lawmakers' hall;
The world needs men of brains and work,
To do the things that their fellows shirk.

Up, man, and build! The ground is cleared
And waits but the master hand!
This thing shall be wrought by the toilers' thought
While the sluggard shall dig in sand!
The loafer may lounge, but the thing for You
Is off with your coat, and Up and Do!

—St. Paul Dispatch.

Taft Aftermath

The President's three banquets in a day in the Twin Cities at least demonstrates the possibilities of the human system.

Political surgery will now proceed to put splints on the broken bones of Party Solidarity.

That apparent earthquake movement was merely a tiping of the landscape as the President lightly skipped hither and thence.

It was a happy but very busy bootblack who, single-handed, shined Mr. Taft's shoes.

The Taft laugh is only a shadow on a man without a double chin.

Finally:

And still that bald-headed barber goes right on calmly recommending his favorite hair tonic! H. E. W.

Before he arrived at stardom Wilton Lackaye once went on the road in a temperance play of the "Ten Nights in a Barroom" variety.

"We stopped one night in a town where the theater had been evolved from a huge barn and was rather shaky in its timbers," said Mr. Lackaye. "In the third act, my lines included a fierce denunciation of 'cursed liquor.'

"The audience was large and friendly, and I got considerably wrought up. At last I started in on my peroration. 'Behold,' I said, 'the serpent of drink,' and I pointed up at the boughs of a tree overhanging the stage. 'See his bloodshot eyes. He is preparing to spring down upon a victim. Now he has dropped to the ground. He tries to strike, but I will prevent him. I will crush him at one blow!' And with thas I raised my foot, let it drop with all my force, and the next instant I had fallen through a large hole in the stage and only my head and shoulders were visible to the astounded audience.

"But the 'most unkindest cut of all' came when I had regained my feet.

"'Say, mister,' piped a small boy in the rear, 'did ye kill him?'

"And the audience, who had not refrained from merriment when I plunged downward, laughed so long and heartily that I was unable to continue for fully five minutes."—Young's Magazine.

"Talking about liars and other things," observed Orrin Johnson in "The Gay Hussars," "I ran across a prize specimen the other day. We were talking about gambling and of course every man had some spiel of wonderful luck.

"Then the modern Ananias butted in: 'It was in El Paso some years ago,' he said. 'I was younger in those days and gambled quite a bit. If I went broke it was all right, but if I won,I wanted the whole pile. I strolled into a gambling house one night, walked to the roulette table and placed a $100 bill on No. 17, expecting, of course, to lose. The ball dropped in the No. 17 division, but I let the money remain on No. 17. Seventeen came a second time, but still I refused to pull my money down. It came a third time. Then I got cold feet and cashed in.' 'How much did you win?' I asked. 'Oh, I don't remember exactly,' he replied, 'but I came near breaking the bank.' I grabbed a pencil and a piece of paper and figured out that our friend had won $5,925,600, but it was not till I showed him the figures that he hedged."—Young's Magazine.

Man writes the marriage certificate; woman keeps the ink from fading.

KILL THE DANDRUFF GERM.

Or Your Hair Will Fall Out Till You Become Bald.

Modern science has discovered that dandruff is caused by a germ that digs up the scalp in scales, as it burrows down to the roots of the hair, where it destroys the hair's vitality, causing falling hair, and ultimately, baldness. After Prof. Unna, of Hamburg, Germany, discovered the dandruff germ, all efforts to find a remedy failed until the great laboratory discovery was made which resulted in Newbro's Herpicide. It alone of all other hair preparations kills the dandruff germ. Without dandruff, hair grows luxuriantly. "Destroy the cause, you remove the effect." Sold by leading druggists. THE CIRCULAR STAIRCASE

By Mary Roberts Rinehart (Copyright.)

His inherited cupidity was aroused. Eager to get Halsey and Jack Bailey out of the house, he went up to the east entry, and in the billiard-room gave the cashier what he had refused earlier in the evening — the address of Paul Armstrong in California and a telegram which had been forwarded to the club for Bailey, from Doctor Walker. It was in response to one Bailey had sent, and it said that Paul Armstrong was very ill.

Bailey was almost desperate. He decided to go west and find Paul Armstrong, and to force him to disgorge. But the catastrophe at the bank occurred sooner than he had expected. On the moment of starting west, at Andrews Station, where Mr. Jamieson had located the car, he read that the bank had closed, and, going back, surrendered himself.

John Bailey had known Paul Armstrong intimately. He did not believe that the money was gone; in fact ,it was hardly possible in the interval since the securities had been taken. Where was it? And from some chance remark let fall some months earlier by Arnold Armstrong at a dinner, Bailey felt sure there was a hidden room at Sunnyside. He tried to see the architect of the building, but, like the contractor, if he knew of the room, he refused any information. It was Halsey's idea that John Bailey come to the house as a gardener, and pursue his investigations as he could. His smooth upper lip had been sufficient disguise with his change of clothes, and a hair-cut by a country barber.

So it was Alex, Jack Bailey, who had been our ghost. Not only had he alarmed Louise—and himself, he admitted, on the circular staircase, but he had dug the hole in the trunk-room wall, and later sent Eliza into hysteria. The note Liddy had found in Gertrude's scrap-basket was from him, and it was he who had startled me into unconsciousness by the clothes chute, and, with Gertrude's help, had carried me to Louise's room. Gertrude, I learned, had watched all night beside me, in an extremity of anxiety about me.

That old Thomas had seen his master, and thought he had seen the Sunnyside ghost, there could be no doubt. Of that story of Thomas' about seeing Jack Bailey in the footpath between the club and Sunnyside, the night Liddy and I heard the noise on the circular staircase—that, too, was right. On the night before Arnold Armstrong was murdered, Jack Bailey had made an attempt to search for the secret room. He secured Arnold's keys from his room at the club, and got into the house, armed with a golf-stick for sounding the wall. He ran against the hamper at the head of the stairs, caught his cuff-links in it, and dropped the golf-stick with a crash. He was glad enough to get away without an alarm being raised, and he took the "owl" train to town.

The oddest thing to me was that Mr. Jamieson had known for some time that Alex was Jack Bailey. But the face of the pseudo-gardener was very queer indeed, when that night, in the card-room, the detective turned to him and said:

"How long are you and I going to play our little comedy, Mr. Bailey."

Well, it is all over now. Paul Armstrong rests in Casanova churchyard, and this time there is no mistake. I went to the funeral, because I wanted to be sure he was really buried, and I looked at the step of the shaft where I had sat that night, and wondered if it was all real. Sunnyside is for sale—no, I shall not buy it. Little Lucien Armstrong is living with his step-grandmother, and she is recovering gradually from troubles that had extended over the entire period of her second marriage. Anne Watson lies not far from the man she killed, and who as surely caused her death. Thomas, the fourth victim of the conspiracy, is buried on the hill. With Nina Carrington, five lives were sacrificed in the course of this grim conspiracy.

There will be two weddings before long ,and Liddy has asked for my heliotrope poplin to wear to the church. I knew she would. She has wanted it for three years, and she was quite ugly the time I spilled coffee on it. We are very quiet, just the two of us. Liddy still clings to her ghoststory, and points to my wet and muddy boots in the trunk-room as proof. I am gray, I admit, but I haven't felt as well in a dozen years. Sometimes, when I am bored, I ring for Liddy, and we talk things over. When Warner married Rosie, Liddy sniffed and said what I took for faithfulness in Rosie had been nothing but mawkishness. I have not yet outlived Liddy's contempt because I gave them silver knives and forks as a wedding gift.

So we sit an dtalk, and sometimes Liddy threatens to leave, and often I discharge her, but we stay together somehow. I am talking of renting a house next year, and Liddy says to be sure there is no ghost. To be perfectly frank, I never really lived until that summer. Time has passed since I bgan this story. My neighbors are packing up for another summer. Liddy is having the awnings put up, and the window-boxes filled. Liddy or no Liddy, I shall advertise tomorrow for a house in the country, and I don't care if it has a Circular Staircase.

(THE END.)

"Matrimony," said the lecturer, "is the culmination symptom, the crisis, I might say, of sentimental hysteria."

"And what," asked an auditor, "would you term divorce?"

"Ah—er—divorce, I should say, is the relapse."

Linton Lodge Will Hold a Big Initiation and Banquet on October the Fifth

Tuesday evening, Oct. 5th the Linton lodge No. 27, Knights of Pythias will open their fall season with a big initiation and banquet at the Castle hall, over Lavake's store. It is planned to have a second rank initiation, which will be followed by a banquet to the members attending.

During the evening photographers will be present and the Pythians will have their picture taken by flashlight. The lodge is now in prosperous condition and a busy winter season is anticipated.

A NARROW ESCAPE.

Edgar N. Bayliss, a merchant of Robinsonville, Del., wrote: "About two years ago I was thin and sick, and coughed all the time and if I did not have consumption, it was near to it. I commenced using Foley's Honey and Tar, and it stopped my cough, and I am now entirely well, and have gained twenty-eight pounds, all due to the good results from taking Foley's Honey and Tar." O. MRS. HARRIAN A VERY RICH WOMAN

NEW YORK, Sept. 24.—Recent figuring among the friends of the late E. H. Harriman place the amount of his estate which is left to his widow at $67,000,000. On this basis Mrs. Harriman will have to pay an inheritance tax to new York state of $670,000, or one per cent of the amount of the estate.

The interest awakened in the wealth of Mrs. Harriman has given rise to a comparison of the wealth of other rich women with the following result:

Here is a list of the women who are supposed to be the richest in America: Mrs. Cornelius Vanderbilt, Sr., received $2,000,000 and annuity of $200,000 a year from her husband's estate; Mrs. Marshall Field, from husband's estate of $200,000,000, received $3,000,000 in lieu of dower righ; Mrs. Thomas B. Wanamaker received one-third of her husband's estate of $13,000,000; Mrs. H. H. Rogers, from her husband's estate of $100,000,000, received home and $100,000 a year; Mrs. Roswel P. Flower received the bulk of her husband's estate of $7,000,000; Mrs. James Henry Smith received $3,000,000 in lieu of dower rights on her husband's estate of $30,000,000; Mrs. Wm. K. Thaw received $10,000,000 of her husband's estate of $20,00,00; Mrs. Russell Sage received all of her husband's estate of $63,750,000; Mrs. Hetty Green has made $100,000,000; Mrs. H. O. Havemeyer, widow's share of her husband's estate of $20,000,000, a home and $20,000 a year; Miss Helen Gould received about $16,000,000 from her father's estate; Mrs. Wm. B. Leads, life interest in her husband's estate of $30,000,000; Mrs. Phoebe Hearst, all her husband's estate of $30,000,000 if she does not remarry, $10,000,000 if she does; Mrs. Fred C. Penfield (formerly Miss Anne Weightman) inherited $80,000,000 from her father.

GENERAL GRANT FOR "DRY" CANDIDATE

CHICAGO, Sept. 23.—Maj. Gen. Frederick Dent Grant, prohibition candidate for president.

The son of the great war general will bear this title during the campaign of 1912 if the leaders of the cold water party have their way.

The boom for Grant for president got under way today when the prohibition leaders gathered here for the celebration of the 40th anniversary of the founding of the party.

The attention of leaders was called today to an interview with General Grant in this week's National Prohibitionist in which he strongly favors teetotalism.

You will never win if you wait for the other fellow to boost your game.

27,000,000 ARE CARRIED SAFELY

Northwestern Road Makes a Remarkable Record for the Season Just Passed

"Q" AND "PENNSY" ALSO SAFE

Army of Souls Twenty Times as Great as Xerxes' Hordes Without a Fatality

The announcement has just been made by the Chicago and Northwestern railway, that for the fiscal year which ended June 30, 1909, 27,000,000 passengers were carried without a fatality, and it is difficult to comprehend the significance of this statement without the aid of the most illuminating illustrations.

The number of passengers carried by the Northwestern during the past year is more than all the railroads in the United States carried in the year 1850, or approximately half a century ago. This number of persons is seven times as great as were included in both the federal and confederate armies during the great Civil war; twenty times as great as the notable army of Xerxes, when he invaded Greese, generally supposed to have been the greatest number of persons gathered in one place at one time.

This is one-third of the population of the United States, yet each one of these entrusted their safety to the railway without a fatality.

The operation of the system is greatly responsible for the good record. The completed double track of the main lines of travel, and the operation of the reliable and effective automatic block signal, which placed a check on human fallibility by mechanical devices, contributed matrially to the unsurpassed operating efficiency of the road and the elimination of the element of personal danger.

Two other roads, the Pennsylvania and the Burlington, accomplished a similar feat for the calendar year of 1908. The three marvelous records are taken by railway experts to indicate clearly that the science of railroad operation has made a substantial advance during the last two or three years. Better discipline has been inaugurated and block signal systems have been greatly extended throughout the country.

WARNING.

Do not be persuaded into taking anything but Foley's Honey and Tar for chronic coughs, bronchitis, hay fever, asthma, and lung trouble, as it stops the cough and heals the lungs. O. T. Erhart.

STRIKE RIOTS AT OMAHA; 12 HURT

OMAHA, Neb., Sept. 23.—Twelve persons are suffering from severe bruises today and one boy, William Petricek, aged 16 years, has a bullet wound in his leg, as the result of riots which last night grew out of the local street car strike.

A mob of nearly 3,000 persons lined up along the streets near the barns and attacked the cars with bricks, stones, bolts and every available missile. Strikebreakers were dragged from the cars and severely beaten and two, whose names could not be learned, are said to be in a serious condition today.

NEW YORK CITY ELECTION CAMPAIGN

NEW YORK, Sept. 23.—The republican city convention met today at noon and plant to arrange a fusion ticket to fight Tammany in the coming compaign.

Tammany leaders are coquetting with the Hearst faction and it is expected they will name a candidate to suit at their convention one week hence.

It has been practically decided that the republican mayoralty nominee shall be selected from the following quartette; Charles S. Whitman, J. E. Hedges, Congressman Wm. S. Bennett or Henry L. Stimson and the leaders seem to favor them in the order named. Wm. A. Predengast, a leading King's county republican, will be the nominee for comptroller and John Purroy Mitchell, a democrat, will be the choice for president of the board of aldermen.

When afellow thinks his best girl is a treasure, he naturally feels like a treasurer.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflamation can be taken out, and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

TAFT SAYS HE IS FOR "MY POLICIES"

Despite of Ballinger's Conduct Executive Gives Assurance of Support for Plans

MONTROSE, Colo., Sept. 23.—President Taft earnestly insists that he stands for the Roosevelt policies.

"This administration," he said at Colorado Springs," is pledged with the aid of the people to put upon the statute books such additional legislation as shall clinch the advance in the standards of business and in the management of railroad and industrial corporations. We have made great advance under the influence of my predecessor, but we must not stop. He took up the question of the conservation of our resources, the reclamation of arid lands, the preservation of forests, the deepening of waterways and pledged his efforts in the direction of the scientific solution of those questions. Such a policy cannot be brought to a culmination in one administration or two or three. All that one can say while he is responsible is that his efforts will be devoted to carrying out these policies, not only to devoting the government's attention but also to encouraging the use of private capital and private efforts in the same direction."

Enthusiastic for Ballinger

Every time the president mentions irrigation or reclamation in the west he gets a cheer that raises the roof and every time he speaks on finance, tariff, labor or capitol a frost settles down over the crowd that would freeze ice cream. In Colorado the people are howlingly enthusiastic for Ballinger, farther north and west the policies of Forester Gifford Pinchot have the sympathy of the people. The president said yesterday that he was in constant correspondence with Mr. Pinchot and they were the very best of friends. If he has received any intimation from the forester that he is planning to leave the government service the president gave no hint of it. He intimated that it would be inconsistent with public policy to make public the contents of the letters that have been passing them but he gave the impression that they were quite in accord.

Taft in Better Condition

The president is in better physical condition than he was when he left Beverly on Sept. 14 and believes that under Dr. Richardson's care his voice will hold out to the end. In the high altitudes he is more comfortable than most of the members of his party and has not even experienced a headache when his train has been climbing over mile and half ridges.

Today the president will spend most of his time inspecting the huge irrigation works at Gunnison. Secretary Ballinger under whose direction the work is being carried on, is acting as the guide and lecturer on the visit. Ballinger is in the eyes of the people of this section by all odds the most important personage in the government under the president and is being worried half to death by persons who have irrigation and reclamation projects either in their minds or on their lands.

"I am afraid to show my face," he said with a laugh, "for as soon as I appear, I am mobbed by a crowd of people who want me to take up their individual schemes."

M'CANN FOUND GUILTY OF GRAFT

CHICAGO, Sept. 23.—A verdict finding Police Inspector Edward McCann guilty of accepting money from resort keepers for police "protection" was returned at 9:30 a. m. by the jury which has been hearing the evidence in the case for three weeks. The verdict was reached at 1 a. m. after the jury had been out for seven and one-half hours but was not read until court opened at 9:30. The verdict carried with it imprisonment of from one to five years in the state penitentiary.

ROBBERS MURDER WHOLE FAMILY

Farmer, His Wife, Her Mother, and Three Children Brutally Murdered Bloodhounds on Track

BLUEFIELD, W. Va., Sept. 23.—A pack of bloodhounds and hundreds of citizens are following a trail through the mountains that may end in the capture of a band of robbers who brutally murdered Geo. Meadows, a farmer, near Keefe, Buchanan county, his wife, their three children and Mrs. Meadow's aged mother. If the murderers are captured t is certain they will be lynched.

To conceal the murders the bodies of the six victims were placed in a pile and saturated with oil and a match applied to them.

The house was also set on fire and neighbors, rushing toward the burning home, found the head of Mrs. Meadow's mother lying in the yard. There were several bullet holes in it.

After an investigation it was thought the three Meadows children, aged 9, 7 and 5 respectively, were shot to death while they were asleep. There were bullet holes in Mr. Meadows' head, and to make sure of death the murderers nearly decapitated him with a razor. Mrs. Meadows had also been shot through the head.

Mrs. Meadows' mother was nearly 80 years old and was known to have considerable money hidden in the house. On Tuesday night she had $600 in silver. She also confided to a relative living in this city that she had $1,000 concealed under a doorstep. The money the woman had Tuesday night could not be found, though the ruins were searched today. The $1,000 tied in a bag was found under the doorstep. Many of the bills were moulded. It is believed the murders were committed early Wednesday. As soon as the crimes were discovered posses were organized and bloodhounds were secured from this city. Search was immediately begun. The hounds followed footsteps of three different sizes. Hundreds of citizens followed the hounds through Wednesday night. The posses are heavily armed. Some of the men are carrying ropes and if the murderers are caught it is certain they will be summarily dealt with.

GREAT FLOOD IN SYRIA; 100 ARE LOST

CONSTANTINOPLE, Sept. 24.—One hundred lives have been lost and 500 homes destroyed in a flood that has swept through the northern portion of Syria. Hundreds of the survivors of the flood are homeless and are without food or clothing. Great suffering is reported and the government is taking steps to get clothing, tents, provisions to the stricken districts. The floods were occasioned by severe rains.

Bumping up against people who have no curiosity gives the gossip a jolt.

Children's Eyesight

Children must go to school. They must study and learn. When the eyes are strong the child bears easily the strain of close work and finds school life a happy time.

When the eyes are weak, when the print blurs or runs together, when the little head aches, the child turns rather to truancy, than to books. Have your children's eyes carefully examined by me.

Who ever dreamt a century ago of a piano that anyone could play—even a child could play with the grace and feeling of the most talented musician?

The AUTOPIANO has freed us from the drugery of tedious finger exercises and daily practice on the piano. It brings us nearer to nature, and enables us to play, understand and enjoy the world's best music.

No knowledge of music is necessary; every member of the family can play accurately and artiscally. The AUTOPIANO provides musical entertainment every minute, no home is complete without it.

There are hundreds of player-pianos on the market, but the AUTOPIANO is the most simple, most efficient and most durable player-piano made.

Make it a point to call on us today, and satisfy yourself you can play any piece of music ever written—even though you may be totally unfamiliar with the piano keys. We will not ask you to buy, and you will not be obligated in any way.

THANKS FOR AID TO PHILLIP SMITH

Humane Society Hears Report of Humane Agent Berry and Members Approve of Action

A resolution thanking The Tribune and the citizens of La Crosse who so generously came to the aid of the La Crosse Humane society and Humane Agent Charles H. Berry in relieving the distress of the family of Phillip Smith at 520 Pine street was unanimously passed at the meeting of the society held Tuesday evening.

Humane Agent Berry made report that with the $200 gathered by The Tribune he has been enabled to provide for the family and that both Mr. and Mrs. Smith are now under medical attention. Mrs. Smith will be taken to the hospital for operation to remove her tumor Saturday. There is no hope for the unhappy husband. He is rapidly sinking and grows weaker day by day.

President Clemens of the society suggested that the vote of thanks be taken and it was unanimously passed on motion of E. S. Hebberd.

A general discussion of how to interest the general public in the work of the society was held and many of the members suggested various methods of drumming up interest in the work.

The report of Agent Berry follows:

Summary for July, August and September, 1909:

Complaints received, 206; visits made, 600; children to Sparta State school, 4; girls sent to Industrial school, 3; places found for boys in country, 3; places found for women, 11; places found for girls, 17; places found for men, 21; No. letters received, 27; No. of leters answered, 27; visits to office, 317; cases under investigation, 23; No. of arrests for non-support, 5; horses killed, 2; dogs killed, 3; cats killed, 2; horses removed from work, 7; overloading corrected, 5.

PARTY OF JAPANESE PASS THROUGH CITY

Travelling in the finest group of cars ever passing through La Crosse, a party of Japanese citizens went through here yesterday over the Milwaukee road on their way from St. Paul to Madison. There were 55 persons in the party, which is composed of some of the most prominent business and financial men of Japan. The party is making a tour of the United States and is commissoned by the emperor of Japan, but is traveling under the auspices of the Associated Chamber of Commerce of the Pacific coast.

Since arriving at Seattle Sept. 6th, they have travelled 2,000 miles, and at the end of their tour will have traversed more than 8,000 miles. They expect to cover most of the states of the union, and will go over most of the great trunk lines of the country.

DELEGATES TO BE GIVEN SOUVENIRS

"The Bath DeLuxe"

For the Shampoo Delightful

No other brush for the shampoo is so convenient, effective and altogether satisfactory as the Knickerbocker Spraybrush. Designed primarily for bathing the body, it sends directly to the skin countless tiny streams of fresh, clean, flowing water. Applied to the head, the little rubber teeth cleanse thoroughly the scalp and the roots of the hair.

Knickerbocker Spraybrush

is the ideal shampoo brush because its soft rubber teeth-tubes more nearly simulate the action of the finger tips when applied to the scalp than any other shampoo device known. With the Knickerbocker you can use soap or eggs for a shampoo and thoroughly cleanse and rinse the scalp and hair with ease.

"GOOD FELLOWS" TO GET TOGETHER

New Club Is Organized with Thirty-five Members—Quarters Leased and Officers Chosen

"The Good Fellows' Club," a social organization of young men banded together for winter amusement, was organized last night at the Club's new club rooms at 415 Jay street.

The organization numbers thirty-five charter members and its membership includes many of the prominent young men of the city. The quarters, consisting of five rooms, including two card rooms, a cozy parlor, den and gymnasium have been completely furnished with new furniture and fixtures.

Officers were elected last night as follows: President H. B. Dorey; vice president, Jack McKibbin; secretary, W. J. Boyer; treasurer Fred A. Schultz.

Monthly dances will be given throughout the winter, by the management of the organization and regular meetings will be held at the club rooms weekly.

Last night's business session was followed by a social session and card party. Harry Olson won the first prize at cards, a thoroughbred pointer pup.

JENKS CASE THROWN OUT OF COURT

The case of Charles Jenks against the Listman Mill company of this city for alleged personal injuries, sustained by the plaintiff last summer, when he was hit by a post in the Milling company's switch yards where he was switching cars, was non-suited today by Circuit Judge E. C. Higbee. The court ruled that Jenks had no cause for action according to the complaint as filed.

YOU CAN TRY IT OUT

At my expense. I mean the assertion I am going to make. It's a strong one, sure enough. But I deliver the goods. If I don't its my loss not yours. You've contracted a bad cough or cold You must get rid of it quick. You buy a bottle of Gray's Yerba Santa. You use half of it. You must be better by that time. If not you'll get your money back as quick as I took it, on return of the other half. You now have the opportunity to try the most marvelous cold and cough cure at my expense. Don't fail to embrace it!

HOW TO DEVELOP BUST, ARMS AND NECK

Get separately "two ounces glycerine," "three ounces rose water," and "one ounce tincture cadomene compound" (not cardamom,) and five cents worth of borax. Take home, mix the glycerine with tincture cadomene, shake and let stand two hours; then add a teaspoonful of borax and the rose water. Shake well and apply to the neck, arms and bust, rubbing and massaging until completely absorbed; then wash thoroughly with hot water and soap and dry thoroughly. Apply morning and night regularfor several weeks and the most beautiful development will begin to reward the efforts. It is believed by experts to be the most necessary and effective prescription ever conceived.

ANGUS HARRISON JOINS MAJORITY

Angus S. Harrison, son of the late Mrs. Alice Harrison, passed away at his home in Minneapolis Sept. 8th, 1909. Death was due to Bright's disease.

Deceased was born in La Crosse in 1865. He was a member of Frontier lodge, No. 45, Smith chapter, No. 13. Smith council, No. 15 and La Crosse commandery, No. 9.

WOOLEY MAY FINISH STREET BY OCT. 10

Thomas Woolley, the contractor, who is paving the Mormon Coulee road with brick, and who assured the council when the contract was given back to him recently, that he could finish by Sept. 18th, will probably be able to complete the job by October 10th, according to the present estimates.

The sewer work is now progressing rapidly and Commissioner Day expects it will be completed within a reasonable time, considering the delays.

When a man or woman finds sickness coming on, such as indigestion, weak eyes, kidney trouble, etc., it is time some attention is given to the subject of food and drink.

In practically all such cases where coffee or tea is the drink, one can obtain relief by quitting the coffee or tea and taking Postum, for he leaves off a drink that is an active producer of disease and takes in its place a powerful liquid food that contains elements for rebuilding the nerve centres which have heretofore been torn down.

ARMED MANIAC IS STILL IN SWAMP

Charles Lowery Uncaptured and Mendota Attendant Has Returned, but the Search Goes On

Still armed with two guns and an axe and with a skiff as means of transportation, Charles Lowery, the Trempealeau maniac, is still at large in the swamps in teh vicinity of that village, a telephone message today bringing the information that he has not yet been captured. The searching parties are still after Lowery, but thus far no word has been received as to whether they have any trace of him. There has been no indication that he has been seen at any of the small towns in the vicinity or that he has appeared before any of the campers in that section so it is presumed that he is stdill secluding himself in the swamps.

The attendance from Mendota asylum sent to capture him, has given up the search and has returned to the hospital, leaving the capture to be accomplished by the local searching parties.

LA CROSSE DAY AT THE VIROQUA FAIR

(Continued from page 1.)

F. J. Schrank, Frank Forbes, Mike Bushmann, Dr. Harry Dell, Alderman Frank Roth, D. R. Jehlen.

A bovine tragedy on the way out was precipitated by a venturesome calf that invaded the right of way in an effort to interview "Butch" Jehlen. The cow-catcher made a grab at it, but failed to get a grip, and the little fellow was left in the ditch awaiting only proper seasoning to finish a veal loaf. Mr. Jehlen is inconsolable, as he recognized an old friend in the victim.

In Mr. Cargill's Car

The private car of President W. W. Cargill, it was discovered, wasn't private at all. It was first turned into a reception room by the affable lor that the evacuation of the other lar as a lounging room and chat parroom gove out. It isn't often that a coaches only stopped when standing room gave out. It isn't often that a lay excursion is honored by the presence of both president and superintendent of the conveying road, and the occasion was one of mutual enjoyment.

Burns and Lavake Did It.

On the way out the excursionists took occasion to lionize Messrs. John C. Burns and T. A. Lavake, as this pair had fathered the excursion, and its success was due to their untiring efforts of the past few days. Everything from the solicitation of funds, securing of the band and railroad arrangements to the badges and banners were attended to by these gentlemen, and the large attendance testifies to the success of their efforts.

The Big Time is on

After dinner the excursionists scattered about the grounds and entered heartily into the enjoyment of the big show. They traveled in groups, and warmed up to a high degree of jollity. They are now taking in the midway attractions, and the way they are whooping things up would never lead to a suspicion that Viroqua is a dry town.

There are two return trains, one leaving at 6 o'clock and one at 11 o'clock, and the excursionists have been assured that "Pete" will see to it that they are returned right side up with care.

Serenade the Villages.

The train stopped at Stoddard, Chaseburg, Coon Valley and Westby, serenading crowds who flocked to the depot in each place. There was plenty of handshaking during these stops, as in every case excursionists found among the crowds people whom they knew and were glad to meet. The band was in fine fettle and won loud applause on each occasion.

Farmers All There.

When the train swept past the fairgrounds at Viroqua, the visitors were deeply impressed by the magnitude of the fair as shown from the coach windows. As far as they could see farmers' teams were tied up, hundreds of them giving the grounds the appearance of a great camp. It was also seen that the attendance was immense, and the interest shown by the crowds in the exhibits indicated that they were of excellent character.

A Great Fair.

A visit to the fair-grounds verified the impression gained on the train. The Vernon county fair is a hummer. The exhibits are of immense variety, and show Vernon county to be a rich agricultural and dairy territory. The livestock and dairy exhibits are such as can be equalled in few counties in the state, and the tobacco exhibit shows a splendid grade of tobacco is raised here.

ENGLISH SLAVES IN INDIAN RUBBER CAMP

LONDON, Sept. 23.—A government investigation of the Peruvian-Amazon Company, and English rubber concern is imminent as the result of the publication today in Truth of charges of the grossest magnitude against the company's employes.

The rubber company's properties are in the valley of the Pulumayo River which empities into the Amazon.. W. E. Hardenburg, an American engineer asserts that the company's agents enslaved the Huitotos Indians and beat and starved them to reath. If the poor wretches object they are shot, burned to death or cruified, as suits the fancy of the slavers. The punishment inflicted upon the Indians is the most terrible that the ingenious agents con contrive.

DUBUQUE TO SEND RIVER DELEGATION

Non-Payment of Dues Owing to Legal Technicality Will Not Bar Representatives

The fact that Dubuque has not and will not pay its assessment as in the past will in no way bar the city from being represented at the convention of the Upper Mississippi River improvement association when it meets at Winona, October 6 and 7.

Dubuque will not pay its assessment because the money for the same cannot be legally appropriated. When Mayor Schunk wrote the secretary of the association to this effect he received a reply, stating that the constitution of the association did not make the payment of the assessment necessary in order to participate in the convention and assuring the mayor that Dubuque's delegates would receive as hearty recognition as any other delegates attending the convention, and again requesting the mayor to name a good delegation.

Mayor Schunk has named a large delegation and Dubuque will be in evidence when the delegates gather at the Gate city.

crowds of cheering people. On the balcony of the Bangor house in the view of thousands of people, a magnificent loving cup was presented to the explorer. At 3:40 p. m. Peary will board the Bar Harbor Express for Portland.

Cheered by the Way

At Waterville, Colby college students will cheer Peary during his short stop there.

Peary will arrive in Portland at 7:40 this evening and then will occur the only big reception until after the settlement of the north pole controversy.

There will be a banquet at the Falmouth hotel and a reception at the Auditorium.

Gov. Fernald and other distinguished Maine men will attend.

Tomorrow Commander Peary and family will go to their summer home at Eagle Island by motor boat.

When a man tres to act superior it is a sign that he needs to.

Some men imagine that the only place where good fellowship exists is in front of the bar.

THE EYE

The most delicate part of the human organism is oftimes subject to abuse which, if continued, results seriously.

When you first note your eyes giving trouble, it is a wise precaution to have them fitted with glasses.

Perhaps, if weak lenses are worn a short time when the defect is first noted, the eyes will soon be entirely relieved.

The optician at the Parker store can relieve your eyes. Allow him to fit glasses that will bring permanent relief.

CROWDS GATHER IN NEW YORK CITY

Hudson-Fulton Celebration to Exceed Expectations —Thousands on River Craft to View Ships

NEW YORK, Sept. 23.—The Hudson-Fulton celebration jam has set in. With the start of the celebration still 48 hours away, every incoming train and boat is packed and if the inrush continues Saturday morning will see between 1,500,000 and 2,000,000 visitors rubbing elbows with the natives, dodging automobiles and fighting with hotel clerks and restauranteurs over inflated prices.

The British fleet of three Dreadnaughts and three cruisers is fogbound off Sandy Hook and will not venture into New York harbor until the weather clears.

The small auxiliary vessels that form a part of the American squadron of fifty ships, continued to come in today and join the line that extends from 138th street to Spuyten Duyvil. Thousands of persons have steamed to the river all day to see the warships and countless pleasure boats and excursion steamers are passing up and down the line.

The German squadron, consisting of the cruisers Dresden, Hertha, Victoria Louise and Bremen, is also expected this afternoon.

The officers of the United States fleet began a round of official calls on the commanding officers of the visiting squadrons this morning.

Aviator Glenn H. Curtiss today went to Hammondsport, N. Y., to try out the new machine which he will use in his flights here next week.

Wilbur Wright has his machine in shape for operation and he expects to make a trial flight Saturday.

NELS THOMPSON IS RELIEF FUND DONOR

There's a crisp new ten dollar bill in the firemen's relief fund, and Nels Thompson's bank account is short just that sum. The fire boys were much pleased with it, and while they wouldn't for the world have Nels encounter another fire they say it is gratifying to run across men who appreciate their honest efforts.

Mr. Thompson says the men did splendid work, and that he felt pleasure in giving them a cash token of his appreciation.

him when a ten cent piece represented his entire resources. Eight months ago he was committed to the asylum at Mendota, from whence he made his escape Sunday night. He appeared to be entirely rational in the morning and expressed the wish that he might be given the opportunity to make good all that he had taken while irresponsible. What money he had in his pockets he restored to Siegel, who stands to lose about $5.30.

Halmrast was committed to the asylum about eight months ago for trying to work a fraudulent check game at Madison. Several years ago he was a business partner in the grocery firm of Halmrast and Nustad. His escapades since leaving La Crosse have been frequent and his friends at last had him examined by physicians with the result that he was adjudged insane.

CARROLL COURT ELECTS TREASURER

At a regular meeting of Carroll court 536, Catholic Order of Foresters, last night, Mr. F. J. Malin was elected treasurer to succeed Mr. P. J. Bott, who left La Crosse about a month ago to establish his permanent place of abode in North Dakota. Mr. H. J. Fleming, a new member, was regularly initiated.

In accordance with the program mapped out by the committee on the good of the order, a very interesting and instructive discussion on the discovery of the north pole took place. At the conclusion of the meeting John F. Doherty and A. H. Schubert spoke on the subject at length.

In the future the committee on the good of the order, composed of Eugene Huss, A. H. Schubert and Ben. H. Volz, will arrange for similar lectures and discussions.

BILLIARD TABLE AT THE Y. M. C. A.

The Y. M. C. A. has just installed a billiard and a pool table of the Koehler and Hinrichs make in the new building, at Seventh and Main streets. The tables were tried by Attorney Charles Schweizer, one of the best local players, and pronounced excellent. This is an added attraction to the local association and one which will mean much to the young men.

The gymnasium is rapidly being equipped with the apparatus and will be ready when the association is formally opened. Many new things in gymnasium apparatus will be seen at the new Y. M. C. A., such as a rowing machine, vaulting bar, and many other up-to-date appliances.

MASONS CLOSE ANNUAL SESSION

BOSTON, Mass., Sept. 23.—Detroit was selected as the next meeting place of the annual session of the supreme council of the Scottish Rite Masons, Northern Masonic Jurisdiction, at the opening of the convention of that body here today. Supreme Grand Commander Samuel C. Lawrence was re-elected as dean of the council.

GULF COAST STORM FEARFUL WRECKS

Between 300 and 400 Lives Lost—Waves Wash Up Corpses—Relief Work Is Pushed

NEW ORLEANS, La., Sept. 23.—(Via Hatiesburg, Miss.)—Information reaching here today from the storm swept district shows that the estimated loss of life is fully as great as the earlier reports indicated and will amount to between 300 and 400.

Of this number two hundred lost their lives in Terrebon Parish, boats which arrived from there today reporting that many are dead, forty having been identified.

From the interior of the state fatalities are reported to the number of 21 and the revised figures showed that 100 are dead along the coast outside of Terrebon.

Corpses are being washed up by the waves and lie in rows along the beach. Hardly a house is left standing and the homeless are absolutely without food.

Systematic work of relief will be begun at once, the governor having appointed committee to take charge of this work.

Plantations along the gulf coast were flooded by water forced in by the wind. In addition a heavy rain made rivers of creeks and ditches. Whole plantations were engulfed and houses wrecked by the wind were carried away in a swirling flood.

Reports coming in today from the storm swept regions particularly in Terre Bonne Parish tell of the awful death of the victims of the storm.

Men, women and children fought for their lives in the flood, clung to trees or tried to keep themselves above the water by holding to bits of floating houses. Rescuers found dead bodies lodged in trees at the edge of the flood.

Two thousand fishermen were living in camps and in little huts along the coast of Terre Bonne Parish. Efforts are geing made today to discover what fate has overtaken them. It is believed that many bodies were carried into the Guf of Mexico and tthat the full death list there will never be known.

PRES. TAFT SPEAKS IN COLORADO

GLENWOOD SPRINGS, Colo., Sept. 24.—President Taft reached Glenwood Springs today at 6 a. m. and made a brief address, from the rear platform of the Mayflower. The citizens of Glenwood Springs had an elaborate program arranged, which included a bath in the famous swimming pool but this had to be shortened because the president did not appear in time. Mr. Taft slept serenely until the local committee gathered outside his window, and woke him with an enthusiastic cheer.

One of the Glenwood Springs reception committee was Bishop Brewster, who attended Yale with the president, and is a member of the same Green letter society.

The ladies of the Glenwood Springs W. C. T. U. brought to the train one large basket of mountain trout and another of raspberries.

The president will reach Montrose this afternoon, and after addressing the people there will take the narrow gauge road for West Portal, the mouth of the new government irrigation tunnel, and will formally turn on the water. The project is half completed and will furnish water to the ranches next spring.

WEDDING REFUSED; GIRL ASSAULTED

CINCINNATI, O., Sept. 23.—Agnes Steiner, 20, of North Fairmont, was found bound and gagged and unconscious from exhaustion in a vacant lot at the foot of Washington avenut, Avondale, today by Len Miller and Lewis Smith, real estate men.

The mystery surrounding the case may be solved by the arrest of a man now being sought by the police. Search of the girl's room at the home of L. A. Jackson, where she is employed, showed she had arranged for her marriage to a Cincinnati man, a complete trousseau being found. It is known she had contemplated bringing suit against this man.

That the girl was not overpowered without a struggle was evident.

KRUETZ-ANDRE BAND

The Kreutz band and Andre's band have formed a working agreement today by which the two organizations will be combined during the week of the fair and for other occasions where a band of from thirty to forty pieces is required. The new organization will be known as the Kreutz-Andre band. Mr. Andre said today that the two bands have not really consolidated but that they will maintain separate organizations, although they have formed this agreement to work big events together.

FRANCE FEELS 2ND QUAKE

MARSEILLES, Sept. 23.—A second earthquake was felt throughout a large part of southwestern France today. The earthquake itself caused little damage but it was followed by a terrific hail storm that destroyed the remaining crops.

The towns of Lambesche, Canal, Le Puy, Salon, St. Raparad and Rognac and the country surrounding all suffered.

In several places old walls fell down.

S.S.S. REMOVES BLOOD HUMORS

Every pore and gland of the skin is employed in the necessary work of preserving its smooth, even texture, softening and cleansing it, and regulating the temperature of our bodies. This is done by an evaporation through each tiny outlet, which goes on continually day and night. When the blood becomes infected with humors and acids a certain percentage of these impurities also pass off with the natural evaporation, and their sour, fiery nature irritates and inflames the skin, and dries up its natural oils, causing pimples, boils, pustules or some itching rash, or hard, scaly skin affection. S. S. S. cures skin troubles of every kind by neutralizing the acids and removing the humors from the blood. S. S. S. cools the acid-heated circulation, builds it up to its normal strength and thickness, multiplies its nutritious, red corpuscles, and enriches it in every way. Then the skin, instead of being irritated and diseased by the exuding acrid matter, is nourished, soothed and softened by this cooling, healthy stream of blood. S. S. S., the greatest of blood purifiers, expels all foreign matter and surely cures Eczema, Acne, Tetter, Salt Rheum and all other diseases and affections of the skin. It removes pimples, blackheads, and other unsightly blemishes from the skin and assists in restoring a good complexion. Book on Skin Diseases and any medical advice desired free to all who write.

Danderine GROWS HAIR and we can PROVE IT!

A lady from Minnesota writes: "As a result of using Danderine, my hair is close to five feet in length."

Beautiful Hair At Small Cost

HAIR troubles, like many other diseases, have been wrongly diagnosed and altogether misunderstood. The hair itself is not the thing to be treated, for the reason that it is simply a product of the scalp and wholly dependent upon its action. The scalp is the very soil in which the hair is produced, nurtured and grown, and it alone should receive the attention if results are to be expected. It would do no earthly good to treat the stem of a plant with a view of making it grow and become more beautiful—the soil in which the plant grows must be attended to. Therefore, the scalp in which the hair grows must receive the attention if you are to expect it to grow and become more beautiful.

Loss of hair is caused by the scalp drying up, or losing its supply of moisture or nutriment; when baldness occurs the scalp has simply lost all its nourishment, leaving nothing for the hair to feed upon (a plant or even a tree would die under similar conditions.)

The natural thing to do in either case, is to feed and replenish the soil or scalp as the case may be, and your crop will grow and multiply as nature intended it should.

Knowlton's Danderine has a most wonderful effect upon the hair glands and tissues of the scalp. It is the only remedy for the hair ever discovered that is similar to the natural hair foods or liquids of the scalp.

It penetrates the pores quickly and the hair soon shows the effects of its wonderfully exhilarating and life-producing qualities.

One 25-cent bottle is enough to convince you of its great worth as a hair growing and hair beautifying remedy—try it and see for yourself.

NOW at all druggists in three sizes, 25c, 50c and $1.00 per bottle.

Cut This Out

FREE To show how quickly Danderine acts, we will send a large sample free by return mail to anyone who sends this free coupon to the KNOWLTON DANDERINE CO., CHICAGO, ILL., with their name and address and 10c in silver or stamps to pay postage.

MORTGAGE FORECLOSURE SALE.

State of Wisconsin—In Circuit Court for La Crosse County.

By virtue of a judgment of foreclosure and sale duly rendered by said Circuit Court on the 18th day of July, 1908, in an action therein in which Clarence M. Kinney was plaintiff, and John Exley and Bertina Exley, his wife, were defendants, and which judgment still remains unsatisfied, I, William Duncan, Sheriff of the County of La Crosse, aforesaid, will expose and offer at public sale and sell at public auction to the highest bidder for cash, on Saturday, the 30th day of October, A. D. 1909, at the hour of ten (10) o'clock in the forenoon of that day, at the east front door of the Court House in the city of La Crosse, in said County of La Crosse, and State of Wisconsin, the following described mortgaged premises, which are situated in said County of La Crosse, to-wit:

Lot number seven (7) in block number thirteen (13) of the First addition to P. S. Davidson's Addition to La Crosse, according to the plat of said addition of record in the office of the Register of Deeds of said county, with the buildings, hereditaments and appurtenances whatsoever thereupon and thereunto belonging, or so much and such part of said mortgaged premises as shall be sufficient to satisfy the amount which shall then be owing and due upon said judgment with interest and cost of sale.

Dated La Crosse, Wisconsin, September 16, 1909.

WILLIAM DUNCAN,
Sheriff of La Crosse County.
WILLIAM S. BURROUGHS,
Attorney for Plaintiff.

BANKRUPT TURNS UP

FOREIGN MARKETS

New York Stocks

NEW YORK, Sept. 23.—An irregular tone was displayed in the opening of the stock market today. The majority of issues in the first sales showed slight fractional losses. Pennsylvania yas a strong feature advancing one point. Northern Pacific made a fractional gain and a few specialties were above yesterday's close.

11 a.m. There were recessions during the first fifteen minutes but an increasing demand for stocks caused gains of around one point which were sustained the rest of the first hour. Most of the speculative interest as in Steel common. Pennsylvania hoved up 1 1-2 and Reading showed a good tone.

Government bonds unchanged; others irregular.

Noon—During the late forenoon, the market while extremely quiet, showed decided strength with brisk advances and around midday the majority of the list generally showed some gain over yesterday's final figures. Several special features, including Western Union rose over two points.

2 p. m.—For a time during the afternoon the market continued strong with Consolidated Gas advancing to above 148 and Western Union continuing its upward movement. The strength of Steel common was the subject of much comment.

The stock market closed weak.

Chicago Grain

CHICAGO, Sept. 23.—The wheat market opened lower all around, all futures beginning weak with selling general. There was a general rush to sell oats at the start. Corn was without feature. Provisions began a shade higher.

Close—Wheat and corn closed weaker all around, showing a loss of from ½ to 1 cent for the day. Oats also eased off.

Noon—September wheat eased off during the forenoon. Corn advanced fractionally. Oats remained about the same.

Many people delude themselves by saying "It will wear away," when they notice symptoms of kidney and bladder trouble. This is a mistake. Take Foley's Kidney Remedy, and stop the drain on the vitality. It cures backache, rheumatism, kidney and bladder trouble, and makes every trace of pain, weakness and urinary trouble disappear. O. T. Erhart.

Health and Beauty Talks

BY MRS. MAE MARTYN.

Sally Ann: Hot baths are weakening and should not be prolonged beyond a few minutes.

Alice: You say that your sweetheart is drifting from you to go with a more attractive girl. Can you blame him when you confess that you have neglected to take proper care of your complexion? Try this if you want to win him back again: Get from your druggist 4 ounces of spurmax, put in a half-pint of hot water and add 2 teaspoonfuls of glycerine. This makes a complexion beautifier that clears and whitens the skin without the use of powder. Apply to face, forearms and hands, rubbing lightly until dry. This spurmax lotion is just fine for removal of pimples, cold sores, tan and freckles. It gives sallow and oily skin a pink and youthful appearance.

V. D.: The best tonic I know for purifying the blood, arousing the liver and restoring lost appetite is made by dissolving an ounce of karlene and a half-teaspoonful of sugar in a half-pint of alcohol, then adding enough boiling water to make a full quart of tonic. Take 1 tablespoonful five minutes before each meal and before retiring and it will strengthen and build up your entire system, while relieving you of dullness, languidness, liver blotches and pimples. It keeps the blood in excellent condition during winter.

Edith: Yes, most face creams contain oils or fats that may encourage growth of hair on the face. Use this complexion cream jelly and you need not worry: Get from your druggist 1 ounce of almozoin, put in a fruit jar and add half a pint of cold water and 2 teaspoonfuls of glycerine. Stir briskly; let stand. If too thick, add water until it is of the consistency you prefer. Almozoin cream jelly most satisfactorily meets the requirements of both cold cream and massage cream, and is inexpensive when made at home. It will keep the skin free from blackheads and thoroughly clean the pores, permitting them to become normal and smaller. Good for chapped hands and face, too.

Harriet: To make a never-failing flesh reducer dissolve 4 ounces of parnotis in a pint of hot water. Take 1 tablespoonful three times a day just before meals and that awful fat will go away.

W. F.: I advise using canthrox for shampooing in preference to eggs or any soaps because with canthrox the hair dries more quickly and is left soft and fluffy. Just put a teaspoonful of canthrox in a teacupful of hot water and stir until dissolved. Then pour on the hair and rub well. It makes a quantity of fine, rich lather. Anything mentioned in my recipes can be bought from your druggist. If he hasn't canthrox he can get it for you from his wholesaler and will do so if he values your trade.

Viola: Yes, healthy eyes are clear and sparkling. If yours are dull, red and inflamed you need an eye tonic. Get an ounce of crystos from your druggist and dissolve it in a pint of water. One or two drops in each eye every day is all that is required. This eye tonic will not smart or burn and will give relief when the eyes are tired, inflamed or sore. It strengthens the eyes and will benefit you if you wear glasses.

Zella: As you are troubled with scaly scalp and falling hair you certainly need a good hair tonic to nourish the roots of the hair and restore the scalp to a healthy condition. To make the best quinine hair tonic I know, get from your druggist 1 ounce of quinola and dissolve it in a half-pint of alcohol and add a half-pint of cold water. Rub in with the fingers until absorbed by the scalp and hair once or twice a week.

Q.: A good foot wash is made of a pint of water to which are added a tablespoonful of salt, a pinch of alum and a few drops of arnica.

WISCONSIN NEWS

ONLY A BOY BUT WAS GOOD BURGLAR

EAU CLAIRE, Wis., Sept. 23.—Jacob Schneider, aged 15 years, arraigned on a charge of burglary, pleaded guilty and was sentenced to the industrial school at Waukesha. Young Schneider broke into a house on July 5 last and extracted $50 from a trunk which he pried open. He then boarded a train for Duluth and commenced to squander his newly acquired "wad" along the bowery, but was picked up by the Duluth police and put in jail. He pleaded guilty to breaking into the house and stealing the money and was bound over for trial on Tuesday. The police were notified that the office of Evans & Lee had been broken into and a pair of spectacles taken. It was also reported that the safe had been tampered with but had not been opened. Entrance had been gained by smashing a window. After the police had investigated the premises suspicion fell upon Schneider and when he was accused he admitted that he was the guilty one.

OCTOGENARIAN TRIED TO MURDER HIS SON

APPLETON, Wis., Sept. 23.—Alexander Grignon, aged 84 years, a pioneer in the Fox River valley, was in circuit court here yesterday, defendant in a case in which he is accused of assault with intent to murder, the complaint being made by his son, Robert Grignon, of Sartell, Minn., on behalf of his brother, Louis Grignon of Shawano, who, on the night of March 14 last, says he was attacked by his aged father. Grignon sustained several gashes in the abdomen, and for a time was thought to be fatally injured.

When a cold becomes settled in the system, it will take several days' treatment to cure it, and the best remedy to use is Chamberlain's Cough Remedy. It will cure quicker than any other, and also leaves the system in a natural and healthy condition.

WANTS HUSBAND SENT TO PRISON

Have you ever seen or read about THE BILLION DOLLAR MILE of New York? If not, you can do both by securing the "Hudson-Fulton Celebration" folder of the Baltimore & Ohio railroad, from Ticket Agent, or by addressing B. N. Austin, G. P. A., B. & O. R. R., Chicago, Ill.

Be sure you are right and then keep everlastingly at it.

THRONG OF BUYERS CONTINUE

The people of La Crosse and vicinity appreciate the great advantage O. T. Erhart obtained for them, in getting the Dr. Howard Co. to allow the regular 50 cent size of Dr. Howard's specific, for the cure of constipation and dyspepsia, to be sold at half price, 25 cents, and have bought hundreds of bottles.

Every bottle of the specific sold by O. T. Erhart has had his personal guarantee to refund the money if it was not satisfactory, but none has come back, showing the wonderful curative power of this remedy.

If you have not already taken advantage of this chance to get a month's medical treatment for 25 cents, be sure to call at O. T. Erhart today, for he has only a small amount of the specific on hand.

EDUCATORS TAKE INTEREST IN EXHIBIT

The state tuberculosis exhibit, which will be in the city during the week of the Interstate fair, is attracting much attention among the medical fraternity and the educators, locally. Friday morning at the normal school, Prof. Louis Atherton, one of the members of the faculty, will deliver a short lecture on the subject to the students. President Cotton stated today that an effort will be made to have one of the men in charge of the exhibit deliver an address at the normal school auditorium during the week, and Superintendent J. P. Bird will attempt to have a lecture at the high school for the boys and girls of the city.

Cards and circulars relative to the exhibit will soon be out. Everyone seems to be greatly interested in the exhibit and the educators of the city are bringing it to the attention of the student bodies. It is probable that short talks will be given in each of the public grade schools on the subject in order to increase interest in the exhibit.
